

TODOS 2020 Preconference

June 25, 2020

8am-3pm

Scottsdale Plaza Resort, Scottsdale, AZ

CHANGE-AGENTS TAKING ACTION FOR EQUITY IN MATHEMATICS EDUCATION

Do you want to understand the roles that power, privilege and oppression play in mathematics education?

Do you want to expand your skill set for advancing equity in mathematics education?

Do you want to learn how to advocate for a more just and humanizing mathematics education?

Participants will

- Examine artifacts of schooling that support participant's ability to recognize and cultivate students' mathematics identities, as well as identify barriers to equitable opportunities to learn
- Modify curriculum to include the initiation and maintenance of routines and practices that move students towards developing positive mathematics identities and problem solving confidence
- Rehearse what to do in difficult situations through role-play
- Discuss and craft unified messages to build community around necessary change in culturally responsive mathematics practices and policies.
