

California Action Network for  
Mathematics Excellence and Equity

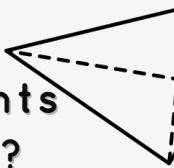

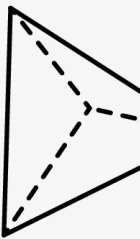

VIRTUAL LESSON STUDY SYMPOSIUM

**Focal Students:**  
**How does focusing on a few students  
improve learning for all students?**

Participants will gain how:

- Attending to focal students shifts their agency and identity
  - Attending to focal students shifts teachers' instructional practices that impact all students
  - Attending to focal students impacts school and district culture
- 
- 

and will determine their next steps to promote  
mathematics excellence and equity

THURSDAY, FEBRUARY 10, 2022  
4:00PM-7:00PM PST

**Complimentary Registration:**
