

Guidelines to TODOS Members to Submit Proposals
For NCTM 2023 in Washington, DC

Dear TODOS colleagues,

TODOS has been invited to contribute to the 2023 NCTM Annual Meeting and Exposition in Washington, DC, October 25-28, 2023 by accepting up to six 60-minute-sessions.

A proposal for the TODOS Strand should be consistent with the mission of TODOS and address at least one of the TODOS goals (<https://www.todos-math.org/mission-goals> for mission and goals).

If you would like to be considered for the TODOS Strand, then:

1. Please input your proposal on the NCTM website, <http://www.nctm.org/speak>;
2. Copy and paste your proposal into a Word document at the confirmation stage;
3. Save the confirmation email that you receive from NCTM; you will need it to access your proposal after submission;
4. Transmit the copy of your proposal to Bernard E. Frost, TODOS Conference Chair, as an attachment BEFrost@spart7.org by Monday, October 3, 2022.

The TODOS Conferences Committee will review the proposals for the TODOS Strand and will notify you regarding your status for the strand by November 1, 2022.

The TODOS Conferences Committee may suggest edits to your proposal to help clarify or strengthen your title and description. Once your proposal has been selected for the TODOS strand, you may not change the type of session because of the types of slots allocated to us. The NCTM Program Committee will schedule the chosen presentations.

We hope to receive many excellent proposals for the TODOS strand so that we can offer very strong equity sessions to attendees. Please send your proposal by October 3, 2022.

Bernard Frost, Chair
Partner Conferences Committee
