

Educators of Native American Students November 12, 2015

Educators of Native American Students (EONAS) held a meeting at the NCTM Minneapolis Regional Meeting on November 12, 2015. The event began with a meet and greet at Pow Wow Grounds Coffee Shop and All My Relations Gallery, featuring a wild rice casserole and fry bread, along with a tour of the gallery. The business meeting, at the Minneapolis American Indian Center (MAIC), included discussions of how EONAS can serve members, and how members can contribute to the organization with networking and resources. Members then engaged in an activity, Kweza'gin, a two-sided dice game, with 30 students from a MAIC after school program.

EONAS added to its membership with a special offer of a free copy of "Creating a Sacred Place for Students in Mathematics" with TODOS and EONAS memberships.
