

Proposal Guidelines for CAMT Strand

TODOS has been invited to contribute to the 2018 [CAMT](#) Annual Math Conference in Houston Texas, July 16-18, 2018, where the theme is #GotMath!

You are invited to submit a proposal for the TODOS strand. The [CAMT portal](#) is open for proposals and will close September 30, 2017. Proposals for the TODOS strand will be due to me by **September 23**. The earlier deadline is the result of the time needed by the TODOS Conferences Committee to carefully review your proposals, to notify everyone who submits a proposal regarding the status, and to notify the CAMT Program Committee by the specified deadline of September 30 for our strand.

A proposal for the TODOS Equity Strand

- should be consistent with the [mission](#) of TODOS and
- should indicate how the presentation furthers the mission and goals of [TODOS](#). Remember that our primary mission is about mathematics.
- should emphasize attendee engagement.

Please take the time to read the Speaker Guidelines from CAMT before submitting your proposal.

- Sessions may not be used to sell a product. Although a product may be demonstrated, teachers should be able to take away information or activities that they can use in the classroom without purchasing your product.
- Please make sure your title and description are grammatically correct.
- The registration fee will be waived for the speaker submitting the proposal.
- Because we ask speakers to assume the cost of preparing their materials, we recommend that you keep your handouts to a minimum. We encourage you to make your handout available to participants by e-mail.
- AV equipment provided will be a computer projector, a document camera, a screen, and a power strip. If you need additional equipment, you will need to bring it with you.
- Wireless Internet will NOT be provided in the meeting rooms.

Also, you must choose from only one of the following grade bands:

- PK-2 Session
- 3-5 Session
- 6-8 Session
- 9-12/College Session
- General Interest Session

Ready to begin a proposal?

- input your proposal to [CAMT](#) by September 23;
- copy and paste your proposal into a Word document;
- transmit the copy of your proposal to [me](#) as an attachment **by midnight EST on Saturday, September 23, 2017.**

Please note that you must be a member of TODOS from the time you submit a proposal through the time of the presentation.

The TODOS Conferences Committee will review the proposals for the TODOS Strand and will notify you regarding your status by Tuesday, October 10. If your proposal has been selected for the strand, you will be asked to confirm your participation.

If your proposal is not selected for the TODOS strand, it will still be considered by the CAMT Program Committee for inclusion on the program. If you miss the TODOS strand deadline of September 23, 2017, you may still submit a proposal directly to CAMT for general consideration by the CAMT Program Committee until September 30, 2017.

Selected speakers (lead and co-presenters) will need to arrange for their own travel, subsistence and housing expenses.

We hope you will consider representing TODOS at CAMT! #GotMath!
