Advocacy Committee Goals

Advocacy Goals 2022-2024

GOAL 1: Create a structure through which the organization issues written responses quickly and pro-actively posts statements about current events.

GOAL 2: Develop a process for embedding advocacy directly in areas of operation instead of advocacy being its own separate committee.

GOAL 3: Create a sample “How to Advocate” guide to be housed in Members-Only section of [website](#).

GOAL 4: Design an Advocacy Hub to be housed on the Members-Only section of the website.

GOAL 5: Document in detail the processes created from this period to inform the organization of future work.

Professional Development

TODOS Live!

There have been 9 TODOS Live! Webinars held since August,

Overall, it has been a year of reflection and taking stock of where we are now as a PD committee. With more than half of the committee members being new, we took the time to share the history and purpose behind what has happened in order to reflect on the important parts that should continue as we begin to consider face-to-face events again.

Goals

1. Identify the products, videos, professional development opportunities that TODOS has generated, and the impact that those resources have had on members. Reflect and create an action plan for disseminating TODOS products.

Goals cont'd

2. Maintain existing PD Committee projects.

1. Transition leadership of Podcast.
2. Transition leadership of Blog.
3. Recruit presenters for TODOS Live! (1-2 presenters per month for August-May).

3. As a part of Goal 1, determine which topics, TODOS members' concerns/needs, and community partnerships need expansion of PD services or new PD opportunities to be developed. In particular, ensure we continue to strengthen what we create for parents, community, teachers.

Goals cont'd

4. Continue to examine how to support the Advocacy committee in our work.

1. Cross member participation in committee meetings to encourage collaboration and communication.
2. Revisit charge of both committees to understand overlap and independent charges.

Heising-Simons Award

TODOS received a two-year award of \$100,000 total from Heising-Simons in June 2021 to develop and strengthen its infrastructure to escalate its efforts to advocate for equity. H-S also funded a consultant to work with TODOS on organizational assessment and development. Efforts have been made in the following areas: moving *TEEM* to OJS, determining a publishing software license for TODOS, organizing TODOS recordings in Vimeo, updating and streamlining the website, discussing fund development ideas, creating a TODOS Conference Handbook as a guide for TODOS Conferences, and creating a Professional Development Handbook as a guide to provide PD for schools, districts, and other entities.
